How U. S. Army Aviators, Led by a Los Angeles Officer, Circumnavigated the Globe by Air: A Pen Picture by Charles H. Owens

POTENTIAL WORLD FLIGHTS DISCLOSED BY GEN. PATRICK
Air Service Chief Says Feat Was to Demonstrate Feasibility of Aerial Communications With All Countries of Globe

What appeals in the "round-the-world flight to the peoples of both hemispheres has been the human qualities of courage, stamina, sense of organization, and spirit which it brought out on the way, but which did not bring out on the way, but which was not the primary purpose of those who planned it, nor is it authorized by the War Department as anybody now see. and ever since 1916.

SOUTHLAND'S OWN TRIUMPH: IS VEDICT ON GLOBE FLIGHT
Southern California's role in the success of the round-the-world flight which started at the start of the century was a cause of great pride. The pilots and mechanics who have carried the world through the air for years have been working on this project, and the success of the flight has added to the pride of the region.

AVIATORS ARRIVE TODAY; HURRY WITH YOUR SHARE OF FLYERS' APPRECIATION FUND
The aviators who have completed the round-the-world flight have arrived in Los Angeles. They have been greeted with enthusiasm by the citizens of the city, and the funds raised for their appreciation have been collected. The aviators have been treated with great respect and honor.

GIFT FROM PEOPLE DIRECTLY
The people of Los Angeles have contributed a large sum of money to the aviators for their success in completing the round-the-world flight. This gift is a sign of the appreciation and support that the people have for the aviators and their accomplishment.

CROWNING FEAT OF CENTURY ACCOMPLISHED BY PIONEERS
Air Heroes Plunge Through Trackless Wastes and Over Tempestuous Seas in Cleaving Path to Glory With Flag Borne Around Earth

BY SYD H. WELLS
America's greatest achievement in the history of aviation is to be realized today when three brave aviators glide down from the skies at Clover Field, Santa Monica. Their arrival will bring the first complete circumnavigation of the world by air to an end, an event that will be remembered for all time. Others may accomplish a flight around the world within a shorter time, but none other can match the hazardous and daring feats that will have to be faced in order to make the flight a success.
